HEALTH PROTOCOLS
Whether you are vaccinated or not, masks must be always worn while we are in class. No exceptions. If you forget to bring your mask, you can get one from “mask station” nearest our building.

TEXTBOOK
Openstax Calculus Volume 1 https://openstax.org/details/books/calculus-volume-1
Online homework system: Edfinity (Location: Blackboard -> Edfinity homework)
The registration fee for Edfinity online homework is $25.
For students who want a physical copy of the book, you will have to order it elsewhere - it's all free e-book for this semester.

COURSE DESCRIPTIONS
• Understand the concept of limits and evaluate limits of functions given their equations or their graphs
• Differentiate functions involving algebraic and various transcendental functions
• Solve basic applications of derivative problems such as distance, velocity, and acceleration, and tangent line problems and Newton’s Method problems
• Solve optimization problems involving various areas of study such as business, engineering, biology, chemistry, and physics
• Sketch polynomial and rational functions using techniques of differentiation
• Use various techniques of integration to evaluate indefinite integrals, and find areas under curves by evaluating definite integrals

ATTENDANCE POLICY
You are expected to be in class on-ground/online. If you know you are going to be absent, it is your responsibility to notify the professor, get notes from a classmate and watch recorded lecture videos.
Any student who misses an exam or the final without making prior arrangements receives a score of 0.

CALCULATOR POLICY
Students will be required to provide their own calculators for this course. Any scientific calculator can be used for the required calculations. There will be no sharing of calculators during exams, and students may not use cellular phones, watches, iPads, tablets, computers, or other electronic devices as calculators during exams.

CELLULAR PHONES
Cell phone usage during class is highly discouraged. If there is an emergency and you need to use your phone, please step outside the classroom. Otherwise, you should not be on your phone during class. If you are playing with your phone during class, you are not learning, and the point of being present in class is to learn.

RESOURCES AVAILABLE
1. If you need help, take advantage of your instructor's office hours. Do not wait until just before an exam to do so!
2. The Learning Center [https://web.ccsu.edu/tlc/?redirected](https://web.ccsu.edu/tlc/?redirected). Free tutoring is available. A schedule for hours of the Center is open will be posted soon after the beginning of the semester.
3. Form a study group with other students in your section. Explaining solutions to homework problems to each other is an efficient way to learn.
4. A list of private tutors for hire is available in the math department office, Room 128, Marcus White, (860)832-2835.

**ACADEMIC INTEGRITY**
All students are expected to demonstrate integrity in the completion of their coursework. Academic integrity means doing one's own work and giving proper credit to the work and ideas of others. It is the responsibility of each student to become familiar with what constitutes academic dishonesty and plagiarism and to avoid all forms of cheating and plagiarism. Students who engage in plagiarism and other forms of academic misconduct will face academic and possibly disciplinary consequences. Academic sanctions can range from a reduced grade for the assignment to a failing grade for the course. From a disciplinary standpoint, an Academic Misconduct Report may be filed and a Faculty Hearing Board may impose sanctions such as probation, suspension or expulsion. For further information on academic misconduct and its consequences, please consult the Student Code of Conduct ([http://www.ccsu.edu/StudentConduct/codeofconduct.asp](http://www.ccsu.edu/StudentConduct/codeofconduct.asp)) and the Academic Misconduct Policy ([http://www.ccsu.edu/AcademicIntegrity/](http://www.ccsu.edu/AcademicIntegrity/)).

**COURSE ACCOMODATIONS POLICY**
If you are a student with a documented disability, and would like to request academic accommodations, you are encouraged to contact Student Disability Services (SDS) at 860-832-1952, or email disabilityservices@ccsu.edu. Please visit the SDS website at [http://www.ccsu.edu/sds/](http://www.ccsu.edu/sds/) to download an Intake form and documentation requirements. Temporary impairments may also qualify for accommodations. Central Connecticut State University provides reasonable accommodations in accordance with the Americans with Disabilities Act and Section 504 of the Rehabilitation Act for students with documented disabilities on an individualized basis.

I will need a copy of the accommodation letter from Student Disability Services in order to arrange your class accommodations

**COURSE WITHDRAWAL POLICY**
The last day to drop a course without “W” is **September 15**. The last day to withdraw from a course is **November 17**. Approvals for withdrawal are not required; however, it is strongly recommended that students consult with their instructor and academic advisor prior to deciding to withdraw. Cessation of attendance, notice to the instructor, or telephone calls to the Enrollment Center are not considered official notice of a student’s intention to drop the course.
Beginning on November 18, withdrawals are allowed only under extenuating circumstances and require approval of the course instructor and of the Chair of the Department of Mathematical Sciences. Poor academic performance is not considered an extenuating circumstance.

**COVID19 MEASURES:**

1. Getting fully vaccinated: Vaccines are safe and effective and readily available. The Board of Regents that governs CCSU has determined that a vaccine mandate is in force for Fall 2021. The university has organized free walk-up clinics on campus for those not yet vaccinated and is offering the possibility of gift cards as well. For full details: https://www.ccsu.edu/blueprint/get-vaccinated.html

2. Wearing face masks: Protecting ourselves and each other requires measures to prevent the spread of COVID-19, which is an airborne virus. Wearing face masks of an approved character (not scarves or bandanas) significantly reduces both the possibility of someone infected spreading the virus, and others not infected from contracting it. CCSU has adopted a policy requiring the wearing of appropriate face masks by all members of the community, and in particular students and faculty while in class or in buildings. Anyone coming to class without an approved face mask will be required to obtain one at the “mask station” nearest our building; class will not be held with anyone not masked.

3. Maintaining social distancing: Social distancing helps in preventing the spread of the virus. In class, we will keep our desks at the designated 3-foot separations and will not move them for group work. Outside of class, please maintain social distancing, even if the door of the classroom is not open when you arrive. When leaving class, students will exit by row. These measures will be taken to respect the social distancing requirement.

4. Getting tested if exposed: If you learn that you have been in contact with anyone who has become infected, you need to get tested to determine if you have also been infected. Even a brief encounter may result in infection, given the communicability of the Delta variant. Testing is free and simple. You can find a testing center (e.g., CVS or Walgreen’s) online, or purchase a home testing kit. Do not come to class until you have recorded a negative test result.

5. Isolating if you have symptoms: If you have any symptoms, including flu-like symptoms, loss of sense of taste or smell, or any other symptom associated with COVID-19, you must immediately inform university authorities and follow quarantine procedures and stay home until your symptoms cease and you test negative for COVID-19. If your symptoms are significant, do not hesitate to contact a physician for medical advice and care, or go to a health care clinic near your home.

6. Preparing to go remote: We cannot predict what will happen in the coming weeks and months, including whether the infection rate will significantly increase (or perhaps decline), and
what measures the university, and the state may take. In the case where the pandemic spikes to an unacceptable degree, we may go entirely remote—that is to say, fully online. That decision will be made by the university and system authorities, not individually by your instructors. Should we go remote, you will be informed as to how the class will continue online and any other changes that may be required."

STATEMENT ON DISCRIMINATION AND HARASSMENT
Central Connecticut State University strives to maintain our campus as a place of work and study for faculty, staff, and students that is free of all forms of prohibited discrimination and harassment based upon age; ancestry, color; gender identity and expression; intellectual disability; learning disability; mental disorder; physical disability; marital status, national origin; race; religious creed; sex, (including pregnancy, transgender status, sexual harassment and sexual assault); sexual orientation; or any other status protected by federal or state laws.
